

## ACREDIA gives you courage to act.

### Credit insurance provides protection

In the business world, you often have to deliver on credit. That's no problem as long as the Buyer pays on time. But if your business partner becomes insolvent without warning and the payment remains outstanding, this can have serious implications for your business. ACREDIA underwrites this risk.

- A market share of over 50 percent and total liabilities of around 30 billion euros: ACREDIA is Austria's leading credit insurance provider, protecting receivables at home and abroad. The company monitors the risks facing the Insured and steps in if a Buyer fails to pay.
